

ACI ELAC is the online portal providing continuous training and certification in multiple Codes of Conduct contextualised for industry sectors and financial markets participants, relevant to their role and experience level.

ACI ELAC training promotes the highest global standards of professionalism, competence and ethical conduct in financial markets.

Industry Codes currently addressed by ACI ELAC

- **Global Precious Metals Code**
- **FX Global Code**
- **UK Money Markets Code**

ACI ELAC Features

Market Practices

Real life scenarios that could be experienced by Market Participants with accompanying multiple-choice question(s), with complex outcomes. Explanation of answers and conclusion to scenarios is then related to the relevant principle of the applicable Code.

Self-Assessment

Large number of self-selected multiple-choice questions on each area of the relevant Code and its principle to test knowledge in preparation for PAR Sessions.

PAR (Personal Accreditation Rating) Sessions

- Combination of Market Practices scenarios and Self-Assessment questions
- Specifically measures staff adherence
- Benchmark and peer ratings can be assessed by senior management at individual and institutional level, identifying gaps in training and knowledge
- Depth of measurement can be adjusted for proportional application of code and adherence to individuals and sectors.

Subscriber Contribution

Feedback of Market Practices and Self-Assessment is encouraged, providing an opportunity for subscribers to create and submit scenarios which are relevant to their specific industry/sector/role/experience.

ACI ELAC Offers

- Demonstrable and sustainable solution for adherence to Codes of Conduct using Market Practices and Self-Assessment Questions earning a Personal Accreditation Rating (PAR)
- Content created and reviewed by senior participants from the financial markets. Market practice updates, market developments and feedback continually incorporated into new content
